

## Career Objective

---

Aspiring AI & Machine Learning engineer with hands-on experience in building LLM-based applications. Passionate about developing intelligent software solutions and solving real-world problems through technology.

## Education

---

### **B.Tech in Artificial Intelligence & Machine Learning**

Raj Kumar Goel Institute of Technology, Ghaziabad  
2023 – 2027

### **Senior Secondary (Class 12th)**

Shri Hansraj Career Inter College, Jaunpur

## Technical Skills

---

**Languages:** Python, Java

**Frameworks/Tools:** Streamlit, Git

**Technologies:** Large Language Models (LLMs), OpenAI API

**Other:** HTML/CSS, JavaScript, Data Structures, OOPs

## Projects

---

### **1. Interview Preparation Bot**

Built a Streamlit chatbot using OpenAI's GPT for mock HR/technical interviews. Included features like conversation history, file upload, and user-friendly UI.

### **2. Health App Design**

Designed a mobile-first UI for health tracking app focused on user goals and metrics.

### **3. E-Commerce Website**

Developed a responsive front-end website with cart functionality using HTML, CSS, and JavaScript.

### **4. Portfolio Website**

Personal website showcasing skills, projects, and contact information. Fully responsive.

## Experience

---

### **AI Chatbot Developer Intern – OpenAI Projects (Personal)**

*Jan 2024 – Present*

Developed AI-powered interview simulation chatbot using Streamlit and OpenAI APIs. Designed modular and scalable architecture using prompt engineering and session history.

## Certifications

---

- Data Analytics Virtual Experience – Deloitte
- Python & Java Programming – Infosys Springboard
- Full Stack Web Development – Apna College

## Hobbies

---

Playing chess, designing websites & experimenting with UI/UX, exploring AI tools and building personal tech projects
